Them There Eyes

I fell in love with you the first time I looked into
them there eyes
And you have a certain little cute way of flirtin' with
them there eyes
They make me feel so happy,
they make me feel so blue
I'm fallin', no stallin'
in a great big way for you

My heart is jumpin' and you started somethin'
with them there eyes
You'd better look out little brown eyes
if you're wise
They sparkle, they bubble,
they're gonna get you
In a whole lot of trouble, oh baby,
them there eyes

Four Or Five Times

Four or five times
Four or five times
It's my delight
Doing things right
Four or five times

Mmm, maybe I'll sigh
And maybe I'll cry
and if I die
I'm gonna try to do it
Four or five times

I said four or five times
Ah, four or five times
He's my king
He makes me sing
Four or five times

I confess
He is the best
That's the test
That kills that myth
Four or five times

Four or five times
Four or five times
It's my delight
Doing things right
Four or five times

Now maybe I'm wrong
Then maybe I'm right
But right or wrong
I'm gonna swing this song
Four or five times

Oh Lady Be Good

Oh sweet and lovely lady be good
Oh lady be good to me

I am so awfully misunderstood
Oh lady, oh lady, be good to me

Oh please have some pity
I'm all alone in this big city

I'm like a lonesome baby in the wood
Oh lady be good to me

I'm like a lonesome baby in the wood,
Oh lady, oh lady, come on, play that thing

Shine

Just because my hair is curly
Just because my teeth are pearly
Just because I always wear a smile
Like to dress up, in the latest style

Just because I'm glad I'm leaving
take these troubles with a smile
Just because my colour's shady
That's the difference maybe,
that's why they call me Shine

Just because I'm glad I'm leaving
take these troubles with a smile
Just because my colour's shady
That's the difference maybe,
that's why they call me Shine

Bill Bailey & Bourbon St. Parade (medley)

Intro

On one summer's day, the sun was shining fine.
The lady love of old Bill Bailey was hanging clothes
On the line in her back yard and weeping hard.
She married a B. and O. brakeman,
that took and throw her down, bellering like a
prune-fed calf with a big gang hanging around.
And to that crowd, she hollered loud.

Bill Bailey

Won't you come home, Bill Bailey,
won't you come home
You've been away too long
I'll do that cooking, honey,
you just bring home the money
Bill Bailey, please come on home
Each night when we sing this
we're making an attempt to swing this
We sing this song a different way,
that's why I say
Who knows like Mac The knife,
we may play this song all your life
so Bill Bailey, won't you come home

Bourbon St. Parade

Let's fly down or drive down
To New Orleans.
Let's go to New Orleans!

That city is so pretty
Historic scenes.
Let's fly to New Orleans!

I'll take you parade you
Down Bourbon Street.
We'll see all the big shots,
we'll hit all the hot spots,
Down in New Orleans
We'll see all the big shots,
we'll hit all the hot spots,
Down in New Orleans

Coral Riff

Oh Sharks! Out there in the ocean
Oh Sharks! Out there in the sea
Oh Sharks! Surf under the moonlight
They're ready for the jive and swing

Oh Sharks! How you can approach them
Oh Sharks! They fancy your moves
Oh Sharks! In line for the night show
They're shagging it over the roof

Oh Sharks! Out there in the ocean
Oh Sharks! Out there in the sea
Oh Sharks! Swim under the moonlight
They're dancing to the coral riff

Oh Sharks! Out there in the ocean
Oh Sharks! Out there in the sea
Oh Sharks! Surf under the moonlight
Oh Sharks! How you can approach them
Oh Sharks! They fancy your moves
Oh Sharks! In line for the night show

Oh Darling

Oh! Darling, please believe me
I'll never do you no harm
Believe me when I tell you
I'll never do you no harm

Oh! Darling, if you leave me
I'll never make it alone
Believe me when I beg you
Don't ever leave me alone

When you told me you didn't need me anymore
Well you know I nearly broke down and cried
When you told me you didn't need me anymore
Well you know I nearly broke down and died

Oh! Darling, if you leave me
I'll never let you down
Believe me when I tell you
I'll never let you down

When you told me you didn't need me anymore
Well you know I nearly broke down and cried
When you told me you didn't need me anymore
Well you know I nearly broke down and died

I Want To Marry A Lighthouse Keeper

I want to marry a lighthouse keeper
And keep him company.
I want to marry a lighthouse keeper
And live in Tennessee
I'll polish his lamp by the light of day,
So ships at night can find their way.
I want to marry a lighthouse keeper,
Won't that be okay?
We'll take walks on the moonlit bay,
Maybe find a treasure, too.
I'd love living in a lighthouse:
How about you?
We'll take walks on the moonlit bay,
Maybe find a treasure, too.
I'd love living in a lighthouse:
How about you?

I dream of living in a lighthouse, baby,
Every single day.
I dream of living in a lighthouse,
A white one by the bay.
So if you want to make my dreams come true
,
Go be a lighthouse keeper, do!
We could live in a lighthouse,
A white one by the bay-ay-hay.
Won't that be okay?
Ya-da ya-da Ya.

LOS **ARRECIFES DE CORAL** SON UNO DE LOS ECOSISTEMAS MÁS DIVERSOS Y BIOLÓGICAMENTE COMPLEJOS DEL MUNDO.

UN CUARTO DE TODA LA VIDA MARINA DEPENDE DE LOS ARRECIFES DE CORAL PARA OBTENER ALIMENTOS Y REFUGIO.

LOS ARRECIFES DE CORAL SANOS **BENEFICIAN A LAS COMUNIDADES DE MUCHAS MANERAS:** PROVEEN ALIMENTOS, PROTECCIÓN COSTERA E INGRESOS DEL TURISMO Y LA PESCA.

BLANQUEAMIENTO DEL CORAL

¿Te has preguntado cómo se blanquea un coral?

CORAL SALUDABLE

1 El coral y el alga dependen uno del otro para sobrevivir

Los corales tienen una relación simbiótica con el alga microscópica zooxantela que vive en sus tejidos. Estas algas le proveen al coral su principal fuente de alimento y le dan color.

CORAL ESTRESADO

2 Si está estresado, el alga abandona el coral

Los aumentos en la temperatura del agua afectan la relación simbiótica entre el coral y el alga, haciendo que el alga abandone el coral.

CORAL BLANQUEADO

3 El coral queda blanqueado y vulnerable al perder el alga

Si el alga, el coral pierde su principal fuente de alimento, se torna pálido o blanco y es más susceptible a enfermedades.

¿QUÉ CAUSA EL BLANQUEAMIENTO DEL CORAL?

Aumento en la temperatura del océano

Aumentos en la temperatura del océano provocados por el cambio climático son la causa principal del blanqueamiento de corales.

Escorrentías y contaminación

Las escorrentías luego de eventos de lluvia fuertes pueden traer consigo contaminantes que pueden blanquear los corales cercanos a la costa.

Sobrexposición a la luz solar

Cuando las temperaturas van altas, la radiación del sol contribuye al blanqueamiento de los corales en áreas llanas.

Marces bajas extremas

La exposición de los corales al aire durante mareas bajas extremas puede causar el blanqueamiento de corales que se encuentran en aguas bajas.

10 maneras para proteger los Arrecifes de Coral

No regale corales
A los corales les toma décadas crecer y formar estructuras coralinas. Déjelos en su lugar.

Bombillas de BAJO CONSUMO
El cambio climático amenaza la vida de los corales. Las bombillas de bajo consumo ayudan a reducir la emisión de CO₂.

VERIFIQUE LOS INGREDIENTES ACTIVOS DE SU BLOQUEADOR
Búsque sombra entre 10 a.m. y 2 p.m.
Use bloqueador con protección ultravioleta (UPF) y asegúrese que sus químicos no perjudiquen la vida marina. Para más información visite oceanservice.noaa.gov/sunscreen.

Sea un consumidor responsable
Aprenda a hacer decisiones informadas sobre su consumo. www.FishWatch.gov www.caribbeanfmc.com

Los arrecifes de coral son seres vivos. Sedimento suelto puede sofocarlos.
Si buceas, NO TOQUE

SEA UN ACTIVISTA DEL MEDIOAMBIENTE
Además de recoger su basura, ayude a recoger lo que otros olvidaron.

EDÚQUESE
sobre los arrecifes de coral y su importancia ecológica.
Al estar bien informado puede ayudar a otros entender el valor y la fragilidad de los corales en nuestro ecosistema.

¡Sea voluntario!
Participe de recogidos de basura o limpiezas de arrecifes.

No arroje químicos por las tuberías
El exceso de químicos aumenta el crecimiento de algas, lo que bloquea la luz solar a los corales.

Practique navegación segura
Anche su bote en fondos arenosos, lejos de los corales y hierbas marinas. Asegúrese que la cadena y el ancla estén lejos de los corales.
